

**Management and Operating Contractor
for the
Thomas Jefferson National Accelerator Facility (TJNAF)**

Solicitation Number: 89243125RSC000148

**Questions and Answers
(20-21)**

20. Question: Section L.1(c), page 3 of the RFP shows Appendix 4, Attachment 1 – Cost/Price Proposal for Transition Activities and Appendix 6 – Proposed Key Personnel Compensation Costs as required attachments in Volume I. However, Section L.7, page 15 instructions for Volume III state that all cost information must appear in Volume III. Please confirm that Appendices 4 and 6 containing cost information should be appended to Volume III and not Volume I.

Answer: No. Appendices 4 and 6 containing cost information should be appended to both Volume I and Volume III.

21. Question: Can you please clarify the applicability of page limits to the Offeror Commitments as described in Section L.4?

Specifically, the RFP calls for

- 1) a list of offeror commitments,
- 2) a description of each commitment to include the location of the commitment, estimated total value, expected benefits to TJNAF, the date the commitment will be initiated, the timescale for its realization, how the commitment will enhance the approach to managing and operating the Laboratory, and a description of any Governmental action required or related to the commitment,
- 3) signed commitment letter if commitments are made by anyone other than the Offeror, and
- 4) a plan/strategy for how the commitments will be managed and integrated into TJNAF.

The RFP also states that the list of commitments and signed commitment letters will not be included as part of the page count limitation. But are the descriptions of each commitment considered part of the list and also excluded from the page limits, or should those descriptions be included in the page limits as well?

Answer: Descriptions of Commitments are considered part of the Commitment List and are excluded from the page limit.

It should be noted that the plan/strategy (item #4 above) shall be included as part of the Offeror's Proposal, Volume II, and shall be included as part of the page count limitation.
