

**Management Contractor
for the
Oak Ridge Institute for Science and Education (ORISE)**

Solicitation Number: 89243126RSC000179

**Questions and Answers
(1 – 3)**

1. Question: Is this a new contract or is there an incumbent currently performing these services?

Answer: This is a follow-on contract. The current contract is available on the competition website under the "Current Contract" tab.

2. Question: Will the statement of work carry a distinct cybersecurity and system authorization workstream, or is that folded into general IT services?

Answer: The draft Statement of Work (SOW) is available on the competition website under the "Expressions of Interest" tab. The draft SOW, as currently posted, reflects the Government's intended scope and organization of the work requirements. Interested parties may submit comments or recommendations on the posted draft during the current feedback period. Any revisions to the draft SOW will be reflected in the Request for Proposals once released.

3. Question: Is a small business subcontracting goal contemplated, and will it be stated in the RFP rather than left to offerors?

Answer: The requirements regarding small business subcontracting goals have not been finalized at this time. Any applicable requirements regarding small business subcontracting goals will be identified in the Request for Proposals when issued.
