## Facility

### Advanced Scientific Computing Research (ASCR)
- National Energy Research Scientific Computing Center (NERSC)  
  Host institution: LBNL
- Argonne Leadership Computing Facility (ALCF)  
  Host institution: ANL
- Oak Ridge Leadership Computing Facility (OLCF)  
  Host institution: ORNL
- Energy Sciences Network (ESnet)  
  Host institution: LBNL

### Basic Energy Sciences (BES)

#### Light Sources
- Advanced Light Source (ALS)  
  Host institution: LBNL
- Advanced Photon Source (APS)  
  Host institution: ANL
- Linac Coherent Light Source (LCLS)  
  Host institution: SLAC
- National Synchrotron Light Source II (NSLS-II)  
  Host institution: BNL
- Stanford Synchrotron Radiation Light Source (SSRL)  
  Host institution: SLAC

#### Neutron Sources
- High Flux Isotope Reactor (HFIR)  
  Host institution: ORNL
- Spallation Neutron Source (SNS)  
  Host institution: ORNL

#### Nanoscale Science Research Centers
- Center for Functional Nanomaterials (CFN)  
  Host institution: BNL
- Center for Integrated Nanotechnologies (CINT)  
  Host institution: Sandia/LANL
- Center for Nanophase Materials Sciences (CNMS)  
  Host institution: ORNL
- Center for Nanoscale Materials (CNM)  
  Host institution: ANL
- The Molecular Foundry (TMF)  
  Host institution: LBNL

### Biological and Environmental Research (BER)
- Environmental Molecular Sciences Laboratory (EMSL)  
  Host institution: PNNL
- Atmospheric Radiation Measurement (ARM) user facility  
  Host institution: Global network
- Joint Genome Institute (JGI)  
  Host institution: LBNL

### Fusion Energy Sciences (FES)
- DIII-D  
  Host institution: General Atomics
- National Spherical Torus Experiment Upgrade (NSTX-U)  
  Host institution: PPPL

### High Energy Physics (HEP)
- Accelerator Test Facility (ATF)  
  Host institution: BNL
- Fermilab Accelerator Complex  
  Host institution: FNAL
- Facility for Advanced Accelerator Experimental Tests (FACET)  
  Host institution: SLAC

### Nuclear Physics (NP)
- Continuous Electron Beam Accelerator Facility (CEBAF)  
  Host institution: TJNAF
- Facility for Rare Isotope Beams (FRIB)  
  Host institution: Michigan State U.
- Relativistic Heavy Ion Collider (RHIC)  
  Host institution: BNL
- Argonne Tandem Linac Accelerator System (ATLAS)  
  Host institution: ANL
