**Version 1, April 19, 2023**

Q1: Should applicants expect that selected projects will be funded by both ASCR and BES?

A1: Both ASCR and BES are sponsoring this laboratory announcement and are expecting to jointly fund any selected projects. The distribution of funding between the programs will be determined separately for each selected project and will depend on the nature of the work proposed. Nevertheless, both offices intend to contribute a significant portion of the overall funding to each selected project.
