

Center for Mesoscale Transport Properties(m2m/t)

Esther S. Takeuchi (Stony Brook University); Class: 2014-2022

MISSION: To build the scientific knowledge base necessary to enable future creation of scalable electro-chemical energy storage systems with high energy, high power, and long life.

<http://stonybrook.edu/m2m>

RESEARCH PLAN

The mission will be accomplished through the following initiatives: synthesize and investigate multifunctional materials with facile transport, understand and control dynamic interfaces, and rationally design electrode architectures.
