AN ACT
Making appropriations for energy and water development for the fiscal year ending September 30, 1993, and for other purposes,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending September 30, 1993 for energy and water development, and for other purposes, namely:

TITLE I
DEPARTMENT OF DEFENSE--CIVIL
DEPARTMENT OF THE ARMY
Corps of Engineers--Civil
The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to rivers and harbors, flood control, beach erosion, and related purposes.

General Investigations
For expenses necessary for the collection and study of basic information pertaining to river and harbor, flood control, shore protection, and related projects, restudy of authorized projects, miscellaneous investigations, and when authorized by laws, surveys and detailed studies and plans and specifications of projects prior to construction, $177,831,000:

- Los Angeles County Drainage Area Water Conservation and Supply, California, $200,000;
- Los Angeles River Watercourse Improvement, California, $300,000;
- Rancho Palos Verdes, California, $400,000;
- Monroe County (Smathers Beach), Florida, $500,000;
- Casino Beach, Illinois, $110,000;
- Chicago Shoreline, Illinois, $800,000;
- McCook and Thornton Reservoirs, Illinois, $3,500,000;
- Lake George, Hobart, Indiana, $260,000;
- Little Calumet River Basin (Cady Marsh Ditch), Indiana, $400,000;
- Mississippi River, Vicinity of St. Louis, Missouri, $500,000;
- Ste. Genevieve, Missouri, $750,000;
- Passaic River Mainstem, New Jersey, $10,000,000; and
- Red River Waterway, Shreveport, Louisiana, to Daingerfield, Texas, $2,800,000.

Provided further, That using $320,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to conduct a cost-shared feasibility study of the Calleguas Creek, California, project based on the reconnaissance phase analyses of full intensification benefits resulting from a change in cropping patterns to more intensive crops within the floodplain. The feasibility study will consider the agricultural benefits using both traditional and nontraditional methods, and will include an evaluation of the benefits associated with the environmental protection and restoration of Mugu Lagoon:

Provided further, That using $200,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue the cost-shared feasibility study of the Calleguas Creek, California, project based on the reconnaissance phase analyses of full intensification benefits resulting from a change in cropping patterns to more intensive crops within the floodplain. The feasibility study will consider the agricultural benefits using both traditional and nontraditional methods, and will include an evaluation of the benefits associated with the environmental protection and restoration of Mugu Lagoon:

Provided further, That using $200,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to conduct a cost-shared feasibility study for flood control at Norco Bluffs, California, based on flood related flows and channel migration which have caused bank destabilization and damaged private property and public utilities in the area:

Provided further, That using $320,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to expand the study of long-term solutions to shoaling problems in Santa Cruz Harbor, California, by incorporating the study of erosion problems between the harbor and the easterly limit of the City of Capitola, particularly beach-fill type solutions which use sand imported from within or adjacent to the harbor:

Provided further, That using $200,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to include the study of Alafia River as part of the Tampa Harbor, Alafia River and Big Bend, Florida, feasibility study:

Provided further, That the Secretary of the Army, acting through the Chief of Engineers, is directed...
to undertake a study of a greenway corridor along the Ohio River in New
Albany, Clarksville, and Jeffersonville, Indiana, using $125,000 of the funds
appropriated under this heading in Public Law 101-101 for Jeffersonville,
Indiana, $127,000 of the funds appropriated under this heading in Public Law
101-514, and $250,000 of the funds appropriated under this heading in Public
Law 102-104: Provided further, That using $450,000 of the funds appropriated
herein, the Secretary of the Army, acting through the Chief of Engineers,
is directed to continue the development of a comprehensive waterfront plan
for the White River in central Indianapolis, Indiana: Provided further, That
using $250,000 of the funds appropriated herein, the Secretary of the Army,
acting through the Chief of Engineers, is directed to conduct a feasibility
study of the Muddy River, Boston, Massachusetts: Provided further, That
using $50,000 of the funds appropriated herein, the Secretary of the Army,
acting through the Chief of Engineers, is directed to undertake feasibility
phase studies for the Clinton River Spillway, Michigan, project: Provided
further, That using $600,000 of the funds appropriated herein and $900,000
of the funds appropriated under this heading in Public Law 102-104, the
Secretary of the Army, acting through the Chief of Engineers, is directed
to continue preconstruction engineering and design of the St. Louis Harbor,
Missouri and Illinois, project: Provided further, That using $3,500,000 of
the funds appropriated herein, the Secretary of the Army, acting through the
Chief of Engineers, is directed to conduct a feasibility study of the Muddy
River, Boston, Massachusetts: Provided further, That using $250,000 of the funds appropriated
herein, the Secretary of the Army, acting through the Chief of Engineers,
is directed to continue preconstruction engineering and design of the St. Louis Harbor,
Missouri and Illinois, project: Provided further, That using $3,500,000 of
the funds appropriated herein, the Secretary of the Army, acting through the
Chief of Engineers, is directed to continue preconstruction engineering and
design of the Raritan River Basin, Green Brook Sub-Basin, New Jersey, project
in accordance with the design directives for the project contained in Public
Law 100-202: Provided further, That using $440,000 of the funds appropriated
herein, the Secretary of the Army, acting through the Chief of Engineers,
is directed to review and evaluate the plan prepared by the City of Buffalo,
New York, to relieve flooding and associated water quality problems in the
north section of the city and to recommend other cost-effective alternatives
to relieve the threat of flooding: Provided further, That using $150,000
of the funds appropriated herein, the Secretary of the Army, acting through the
Chief of Engineers, is directed to undertake a feasibility study of the
Clinton River Spillway, Michigan, project: Provided further, That using $250,000 of the funds appropriated
herein, the Secretary of the Army, acting through the Chief of Engineers,
is directed to continue preconstruction engineering and design for the
Richmond Filtration Plant, Richmond, Virginia, project: Provided further,
That using $250,000 of the funds appropriated herein, the Secretary of the
Army, acting through the Chief of Engineers, is directed to continue the
study of the disposition of the current Walla Walla, Washington, District
headquarters including preparation of the environmental assessment and
design work associated with demolition of the building. [ ] $15,000,000
$13,700,000 [ ] $470,568,000 [ ] [: [Struck out->] Provided further,
[Struck out->] That the amount authorized by section 4(a)(1) of Public Law
98-541 for the Trinity River Basin, California, Fish and Wildlife Management
Program, is hereby increased by $15,000,000 to $48,000,000 [ ] That of the funds appropriated
herein, $3,250,000 shall be available for environmental studies associated with the renewal
of Central Valley Project, California, water contracts and environmental
compliance, provided that such funds shall be treated as capital expenses
in accordance with Federal reclamation law [ ] That none of the funds
made available in this Act may be expended to implement the transfer of
title or ownership of the Central Valley Project to the State of California,
unless subsequently authorized by Congress [ ] That $6,000,000 of the amount appropriated in this
paragraph is provided for hydrogen research [
