GENERAL PROVISIONS

DEPARTMENT OF ENERGY

SEC. 301. CONTRACT COMPETITION.—(a)(1) None of the funds in this or any other appropriations Act for fiscal year 2007 or any previous fiscal year may be used to make payments for a noncompetitive management and operating contract unless the Secretary of Energy has published in the Federal Register and submitted to the Committees on Appropriations of the House of Representatives and the Senate a written notification, with respect to each such contract, of the Secretary’s decision to use competitive procedures for the award of the contract, or to not renew the contract, when the term of the contract expires.

(2) Paragraph (1) does not apply to an extension for up to 2 years of a noncompetitive management and oper-
ating contract, if the extension is for purposes of allowing
time to award competitively a new contract, to provide
continuity of service between contracts, or to complete a
contract that will not be renewed.

(b) In this section:

(1) The term “noncompetitive management and
operating contract” means a contract that was
awarded more than 50 years ago without competi-
tion for the management and operation of Ames
Laboratory, Argonne National Laboratory, and Law-
rence Livermore National Laboratory.

(2) The term “competitive procedures” has the
meaning provided in section 4 of the Office of Fed-
eral Procurement Policy Act (41 U.S.C. 403) and
includes procedures described in section 303 of the
Federal Property and Administrative Services Act of
1949 (41 U.S.C. 253) other than a procedure that
solicits a proposal from only one source.

(c) For all management and operating contracts
other than those listed in subsection (b)(1), none of the
funds appropriated by this Act may be used to award a
management and operating contract, or award a signifi-
cant extension or expansion to an existing management
and operating contract, unless such contract is awarded
using competitive procedures or the Secretary of Energy
grants, on a case-by-case basis, a waiver to allow for such a deviation. The Secretary may not delegate the authority to grant such a waiver. At least 60 days before a contract award for which the Secretary intends to grant such a waiver, the Secretary shall submit to the Committees on Appropriations of the House of Representatives and the Senate a report notifying the Committees of the waiver and setting forth, in specificity, the substantive reasons why the Secretary believes the requirement for competition should be waived for this particular award.

such availability or such need for input to universities and
other potential users. When the Department of Energy
considers the participation of a university or other poten-
