Award Description TAS::89 0227: :TAS RECOVERY ACT ALCATOR C-MOD FUSION RESEARCH PROGRAM Project 2005300. The funds in this supplemental award will be used to upgrade the Alcatraz C-Mod facility including earlier implementation of critical heating and current drive auxiliary power systems and targeted diagnostic upgrades. All of the upgrades fall within the scope of the originally submitted five year proposal (2009 through 2013) which was peer reviewed and approved by OFES. Under guidance budgets the upgrades would have been delayed. The upgrades will make all aspects of the research program more effective across all science topics and integrated thrusts.
