Department of Energy Announces $5 Million for Research on Computer Modeling and Epidemiology for Bio-preparedness and Response

Principal Investigator	Title	Institution	City	State	9-digit zip code
Alexander, Francis	Robust, Adaptive Decision-making via Impact-oriented, Uncertainty-aware Models (RADIUM)	Brookhaven National Laboratory (BNL)	Upton	NY	11973-5000
Nugent, Peter	ExaEpi: Calibration of Next-Generation Epidemiological Models	Lawrence Berkeley National Laboratory (LBNL)	Berkeley	CA	94720-8099
Ray, Jaideep	Calibration techniques and a high-performance computing workflow for disease models	Sandia National Laboratories, California (SNL-CA), Livermore, CA	Livermore	CA	94551-0969
